

CCVP Books

CCVP? (Cisco Certified Voice Professional) certification recognizes the increased importance placed on IT professionals who are responsible for integrating voice technology into underlying network architectures. Earning a CCVP certification validates a robust set of skills in implementing, operating, configuring, and troubleshooting a converged IP network. [Learn more about CCVP certification](#) from Cisco Systems®.

Prerequisites

CCNA Voice or CCNA (until 6/24/09)

Exams

Candidates can now choose between two CCVP tracks: Cisco Unified CallManager and Cisco Unified Communications Manager. Each track requires candidates to pass five exams, three of which are shared by the tracks:
