CCIP Books

 The **CCIP?** (Cisco Certified Internetwork Professional) certification provides individuals with competencies in infrastructure or access solutions in a Cisco end-to-end environment. CCIP professionals have a detailed understanding of the diverse technologies in the telecommunications arena including IP routing, IP multicast, cable, DSL, content networking, IP telephony, QoS, MPLS, and IP+optical networking. Learn more about CCIP certification from Cisco Systems®.

Prerequisites

CCNA® certification is a prerequisite for CCIP certification.

Exams

There are four required exams for CCIP certification:
642-901 BSCI
642-642 QOS
642-611 MPLS
642-661 BGP

Candidates may also take the combined 642-691 BGP+MPLS exam instead of the separate MPLS and BGP exams.

CCIP Self-Study Resources from Cisco Press]

The Certification Self-Study Product Family is comprised of the Self-Study Guide Series, the Exam Certification Guide Series, and the Flash Cards and Exam Practice Pack Series. These series offer a progressive, self-paced study routine for Cisco certification exams, with tools that help certification candidates learn exam topics, gain hands-on experience, prepare for the exam, and practice their test taking skills. For more information on each series and how the books complement one another, visit our **Series** pages.
