CCDP Books

 CCDP® (Cisco Certified Design Professional) certification indicates advanced knowledge of the design of routed and switched networks involving LAN, WAN, and dial access for larger networks. It is the second stage of the Network Engineering and Design track, and teaches network design, configuration, and installation. Learn more about CCDP certification from Cisco Systems®.

Prerequisites

CCNA® and CCDA® certifications are prerequisites for CCDP certification.

Exams

There are three required exams for CCDP certification, which may be taken in any order:

642-901 BSCI

642-812 BCMSN

642-873 ARCH

CCDP Self-Study Resources from Cisco Press]
The Certification Self-Study Product Family is comprised of the Self-Study Guide Series, the Exam Certification Guide Series, and the Flash Cards and Exam Practice Pack Series. These series offer a progressive, self-paced study routine for Cisco certification exams, with tools that help certification candidates learn exam topics, gain hands-on experience, prepare for the exam, and practice their test taking skills. For more information on each series and how the books complement one another, visit our **Series** pages.
