

## Cisco ASA Configuration (Networking Professional's Library)

"Richard Deal's gift of making difficult technology concepts understandable has remained constant. Whether it is presenting to a room of information technology professionals or writing books, Richard's communication skills are unsurpassed. As information technology professionals we are faced with overcoming challenges every day...Cisco ASA Configuration is a great reference and tool for answering our challenges." ?From the Foreword by Steve Marcinek (CCIE 7225), Systems Engineer, Cisco Systems
