

## Cisco Product Quick Reference Guide

Welcome to the September 2009 edition of the Cisco Product Quick Reference Guide. This guide presents an overview of Cisco products, services, and solutions for every part of your business.

This portable and easy-to-use reference tool, summarizes information about many of Cisco's products and services sold through our channel partners. Inside the guide, you will find a wealth of current information, including brief overviews, important features, technical specifications, part numbers, and ordering information.

This guide is designed to help our partners, resellers, distributors, and sales account teams quickly learn about and sell Cisco products, services and solutions that are right for their customers. It's also ideal for end users, networking professionals, Cisco Networking Academy members, and those studying for Cisco certification who need a broad, high-level overview.

### What's New in This Edition
