

CiscoPress - CCIE Security v3.0 Cert Flash Cards Online

The *CCIE Security v3.0 Cert Flash Cards Online* provides a concise review of all objectives on the CCIE Security v3.0 written exam as well as the core-knowledge portion of the CCIE Security lab exam. This online exam preparation tool consists of a custom flash card application loaded with 350 questions that test your skills and enhance retention of exam topics. Questions are organized by exam objective, allowing you to focus your study on selected topics. You can choose to view cards in order or at random, and you can create custom sets from the entire bank of cards. The engine provides you with the ability to mark each question correct or incorrect and provides a detailed score report by category at the end of the exam. You can even write notes on each question and then get a printable PDF of all your notes aligned to the relevant questions. These robust features make this a truly unique learning tool:

- Test your knowledge by entering your own answers
- Grade your answers against the correct answer
- Create custom question sets
- View detailed score reports
- Enter and print notes on each question
- Use on any device that has a web browser and Internet connection
