

CBT Nuggets - Cisco 642-825: CCNP ISCW

Cisco is developing new CCNP exams. However, the training in this package remains valid through July 31, 2010. Naturally, our Nugget Streaming Subscribers will gain immediate access to the new CBT Nuggets CCNP training as they're developed. But even if you're a **not** a subscriber, you'll stay current on CCNP certification training by purchasing the full CCNP package. For up to 12 months the full CCNP package holds **trade-in** credit towards a full-year Nugget Streaming Subscription. Managing remote access solutions is becoming an everyday part of being in IT. This Implementing Secure Converged Wide Area Networks (ISCW) training covers the ins and outs of providing secure, robust remote access solutions.

What You'll Learn	Video 1: Series Intro 04:53
Video 2: Model Madness: Network Design and Connectivity for the Modern World 29:47	Video 3: Understanding New WAN Technologies: Cable Technology 24:42
Video 4: Understanding New WAN Technologies: DSL Technology 21:54	
Video 5: Understanding New WAN Technologies: Configuring PPPoE DSL Connections 28:24	Video 6: Multiprotocol Label Switching: The Concepts 41:38
	Video 7: Multiprotocol Label Switching: Frame Mode Configuration 16:32
Video 8: Multiprotocol Label Switching: Understanding MPLS VPNs 28:20	Video 9: IPSec VPNs: VPN Concepts, Part 1 23:12
Video 10: IPSec VPNs: VPN Concepts, Part 2 36:17	Video 11: IPSec VPNs: VPN Site-to-Site CLI Configuration 47:34
	Video 12: IPSec VPNs: VPN Site-to-Site SDM Configuration 23:57
Video 13: IPSec VPNs: IPSec Encrypted GRE Tunnels 29:56	Video 14: IPSec VPNs: Remote Access Connections with Cisco Easy VPN 39:42
Video 15: Network Lockdown: Attacks and Defense 35:46	Video 16: Network Lockdown: Cisco Auto-Secure and SDM Security Audit 26:39
Video 17: Network Lockdown: Securing Management Access 20:42	Video 18: Network Lockdown: Securing Management Access, Part 2 22:27
	Video 19: Network Lockdown: Using Access Lists 22:55
Video 20: Network Lockdown: Securing Network Management 42:26	Video 21: Network Lockdown: Implementing Cisco AAA 29:32
Video 22: Defending the Network: Cisco IOS Firewall 29:19	Video 23: Defending the Network: Cisco IOS IPS 34:07
