☐ Comment later

You plan to deploy an Office 365 tenant.

The tenant has the following requirements:

- The engineering department must centralize time reporting and task management.
- The customer service department must be able to collaborate by using a social network platform.
- The finance department must be able to collaborate and track versions of financial documents.
- All users must be able to synchronize files across multiple computers.

You need to plan the solution.

	Department	Service
Exchange Online	Engineering	
SharePoint Online	Customer service	
Project Online	Finance	
OneDrive for Business	All users	
Yammer		
Parature Enterprise

NEW QUESTION 146 You have purchased Office 365 E1 Licenses for your 9000 users. You have 5TB of data to place in SharePoint Storage. How much additional data is required to be purchased from Microsoft? A. ; B. ; purchase 10TB B. ; purchase 500GB C. ; purchase 5TB D. ; do nothing Answer: B Explanation: 500MB is allowed per user plus an initial allocation of 10GB for the organization with an E1 license. With 9000 users that means 4.6TB is available. Therefore another 400GB would be required to meet this requirement, with option B as the nearest answer.
